

REČ UREDNIKA

Poštovane kolegice i kolege,

Pred vama je jubilarni 10. volumen časopisa Preventivna pedijatrija. Od ove godine časopis Udruženja preventivne pedijatrije Srbije je u uzrastu mlađih adolescenata, a kako ćete u časopisu videti, ciljna grupa mnogih radova su adolescenti. Trudili smo se i u prvoj deceniji, a nadam se i dalje ćemo, da pratimo novine i dostignuća naših, a zatim i stranih autora. Posebno je zadovoljstvo saradivati na planu publikovanja sa mladim i ambicioznim kolegama, i biti deo njihovog profesionalnog i stručnog napredovanja.

Svim autorima radova od prvog do jubilarnog desetog volumena časopisa, svim recenzentima i članovima odbora, tehničkoj podršci i logistici, izražavam najiskreniju zahvalnost na svesrdnom zalaganju, pomoći, savetima i pre svega radu.

Dear colleagues,

The 10th jubilee volume of the journal Preventive Pediatrics is in front of you. From this year, the journal of the Association of Preventive Pediatrics of Serbia is aimed as younger adolescent and as you will see in the journal, the target group of many papers are adolescents. We tried in the first decade, and I hope we will continue to follow the news and achievements of our and then foreign authors. It is our particular pleasure to collaborate with young and ambitious authors and colleagues and to be part of their professional and scientific development.

I would like to express my most sincere gratitude to all authors from the very beginning, to all reviewers, committee members, technical support and logistic for their commitment, help, advice and their hard work above all.
